Dear Mr. Braxton:

Subject: Annual Report of Mining Operations M-045-017

Attached please find the completed Form MR-AR for operations conducted at the Mercur Mine during 1989. Also submitted are the support documents, as attachments to Form MR-AR.

Please note, for the convenience of all parties involved, the 1989 disturbance map has been re-scaled to 1"=400', in order to incorporate the entire disturbance area onto a single map. Additionally, the individual disturbance acreages have been included in legend form on the map.

Please contact me should you have any questions concerning this submittal.

As always your cooperation is appreciated.

Respectfully,

David P. Beatty
